

Legion To Support District Arena

Decide Against Sponsoring Junior Sport In Irma

The Irma Branch of the Canadian Legion held its regular monthly meeting in the Legion Hall on Tuesday, April 4, and in spite of a very disappointing attendance a very successful meeting resulted.

The sponsoring of Junior Sport by the Legion was given a thorough airing, resulting in a decision by the meeting to withdraw this support for one year, mainly because of lack of co-operation between the Legion and the Junior teams. Blame for this lack of co-operation was placed equally on the Legion and the youngsters.

Here are some figures on the cost of this venture.

1948
Expenditures on Sport \$75.00
Collections \$17.45

1949
Expenditures \$308.00
Collections \$74.00

In these two years the Legion spent \$383.00 sponsoring Junior Sport and collected only \$91.00 to help offset this cost. In view of this it was decided that to continue in this manner would be useless to both the teams and ourselves, and it will be dropped until more satisfactory arrangements can be made.

The meeting also gave its support to the new Arena Project and decided to donate \$200.00 to the fund when the project gets under way, with further support as it progresses.

It is rather disappointing to see so few of our members showing enough interest in these community affairs to attend the regular meeting and make it doubly difficult for those who do attend to make decisions which are of real importance to all members. Your executive again requests that all members or prospective members make every effort to attend all meetings from now on as a great deal of business will be dealt with in the coming months.

The next meeting will be the first Tuesday in May—May 2.

Easterly Echoes

The FUA meeting at Roseberry was postponed.

Miss Joy Enger was a visitor in Saskatoon over the holiday weekend.

The Sew and So Club were catering for the wedding of Miss Alice Dietrich and Mr. Bernard Graham in Wainwright on Wednesday.

Miss Elfrida Fenton of Wainwright was a visitor at the home of her parents, Mr. and Mrs. E. Fenton over the week-end.

Miss Reta Fenton had a holiday at her aunt's home, Mrs. S. Ploker.

The first prize winners at the W.I. 500 party held at the home of Mr. and Mrs. J. Savard on the occasion of Jack's birthday were Mrs. A. Patterson and Mr. R. Dempsey, while the consolation prize went to Mrs. W. Crabb and Mr. A. Cooke.

Mrs. E. W. Carter was a visitor at the Fenton home.

There will be a dance at Crescent Hill School on Friday, April 14.

Death Claims Former Resident

We are sorry to report the passing of Mr. William Henry Ostrhout in the Vancouver General hospital on Thursday, March 30 at the age of 75 years.

Mr. Ostrhout was an oldtimer of the Orindale district and later lived in Irma for a few years before moving to the coast.

He is survived by his loving wife Esther; two sons, Bruce of Vancouver and Orrin of Faust, Alta.; one daughter, Mrs. A. Cherry of Pender Harbor, B.C.

Funeral services were held on Monday, April 3 at 3 p.m. Interment was made at Forest Lawn Memorial Park.

Curlers Meet Has Small Attendance

Perhaps because of poor publicity and bad weather, the general meeting of the Men's Curling Club held in the curling rink on the evening of April 6 was poorly attended. Consequently little business was transacted.

The financial report showed that expenditures for the year had been heavy because of increased insurance and the sharpening of the rocks. However, these are not annual expenses, and one cheering note was the making of the final payment to the Village of Irma for the building. It is now possible to burn the mortgage in a moonlight ceremony. The club ended the season with a balance of something less than two hundred dollars.

The small balance led to some discussion of the advisability of going ahead with the purchase of matched rocks, but in the end, those present, by a large majority, recommended that the rocks already on order for more than a year be accepted as soon as delivery is offered.

Since so few members were present, the meeting decided to defer the election of officers until the fall. However, the sec-treas. asked to be relieved of his duties, and Mr. Ole Nissen, an already popular newcomer to the community was elected to the position. The experience and the sincerity of the new secretary ensure his competence.

Glen-Coa Cleanings

Nearly all the members of Sharon congregation motored to Viking on Monday evening, April 10. The Viking parish of the Lutheran Church held a surprise party on pastor and Mrs. J. J. Sausen. The five congregations went together to help him get a new car. Pastor Sausen's face was a picture as Mr. M. Hansen presented him with a cheque for \$1000. The Viking choir sang two numbers, and Mrs. S. Lefsrud sang a solo, and three girls, two of them from Sharon, sang a trio. The Rev. Theo. Maakestad from Edmonton was guest speaker. Beautiful flowers decorated the church. A bountiful fellowship lunch brought the evening to a close.

Mr. C. Lindquist has returned to his home after spending the winter in Edmonton.

We hear Miss Solveig Steffen has arrived safely in Norway. Apparently the ocean was rough and Solveig has no desire to cross it again.

Sharon Luther League met last Sunday evening and in spite of bad roads, a fair-sized group gathered. Miss Lily Nelson and Gordon Hollinger presented the topic.

Mr. Dendrew Likness spent the Easter week-end at Winter, Sask.

Kinsella and District News Items

Visitors from the city over the holiday week-end included Mrs. M. Walker and baby son, Mr. and Mrs. L. Clay and family of Calgary; from Edmonton, Mrs. Mills Sen, Mrs. M. Mills and daughter, Miss Belle Arkinstall, Mr. K. Arkinstall and Miss S. Gardner; Mr. M. Davis and Miss Shirley Anderson of Clear.

Mrs. D. Corbett is visiting her daughter and son-in-law Mr. and Mrs. O. Ness of Calgary.

Despite the cold weather the Easter Tea sponsored by the Ladies Aid, was very well attended. The ladies wish to thank all who in any way helped to make this Tea and Sale of work such a success.

Mr. and Mrs. E. Simmons attended the opening of the new school at Irma last Monday evening at which Mr. J. Simmons who is president of the students union, was one of the speakers.

Mr. and Mrs. A. Barker and Jammie were recent visitors to Edmonton.

Board of Trade To Meet April 18

Arena Project To Be Discussed

Reports of various committees appointed to investigate the possibilities of an Irma and District Arena will be heard and openly discussed at this time.

Let's all make an honest attempt to attend this meeting and get the ball rolling. If it is the wish of the meeting that the arena project be proceeded with, there will be further organization necessary and so will necessitate a full attendance of representatives from our whole district.

Several local men have already made an investigation into the cost, construction and operation of arenas in other villages and will be pleased to answer fully all of the questions which have been and will in the future be asked.

CARD OF THANKS

To you kind folks who, on the occasion of the official opening of Irma's fine new school, helped me to celebrate a quarter century of teaching service, I wish to express my own and Mrs. Reed's appreciation. We are especially grateful to you for presenting a radio and record player to the school, for it is surely a gift that will keep on giving through the years to the students of the Irma community.

—I. S. Reeds.

The Regular Infant and Pre-School Clinic will be held at the Irma Rest Room on Friday, April 28.

Agricultural Service Board Met Saturday, March 25

The Wainwright Agricultural Service Board met in the Council Room of the M.D. of Wainwright No. 61 on Saturday, March 25, 1950, at 2 p.m.

Messrs. Archibald, Smale, J. S. Robblee, D.A. of the Service Board, F. W. Maddox, F.S., and Mr. G. R. Sterling, Supervisor of Soil Conservation and Weed Control, Department of Agriculture, present.

Mr. Archibald in the Chair.

The Minutes of the previous meeting read and on motion by Mr. Robblee were accepted as written.

Mr. Norman Tizzard interviewed the Board reference to the E12 29-44-2, Stop-Seeding Notice, after discussion Mr. Bell moved that Mr. Tizzard sow the East part of the E12 29-44-2 to Spring Rye, and follow the West part in 1950, sow to Fall Rye in 1950 and spray weeds.

Mr. S. M. New, Executor and Agent for the N12 and SE 29-45-7 interviewed the Board reference to Stop-Seeding Notice stating that he was definitely selling this land without delay in the interests of the Estate and wanted the Board's opinion as to the weed situation.

Mr. Smale moved that the Service Board co-operate with Mr. New in reference to the seeding of part of the NW and SE 29-45-7 in 1950, and that the party purchasing the said land must keep in touch with the Service Board until any notice is lifted. Cd.

Mr. Frank Tipler interviewed the Board reference to the W12 25-45-4.

Mr. Smale moved that this Agricultural Service Board on the report submitted by the D.A. and the F.S. recommend to the Municipal Council that the control of the W12 of section 25-45-4 be taken from the owner and occupied and that an Order of Reclamation of the said land should be issued.

Mr. Bell moved that the Secretary notify the owner, conditional owner and any other parties interested in the W12 25-45-4 that it is the intention of the Service Board to recommend to the Municipal Council that an order of Reclamation of the said land be issued.

Wedding Bells

WILBRAHAM — CARTER

A quiet pre-Easter wedding was solemnized at St. Mary's Anglican Church, Highlands district, Edmonton, Alberta, on Thursday evening, April 6, when Phyllis Ricke, second daughter of Mr. and Mrs. C. Carter of Olds, Alta., became the bride of Robert Arthur, the only son of Mr. and Mrs. Chas. Wilbraham of Wainwright, Alta., Rev. W. T. Elkins officiating.

Given in marriage by her father the bride was attired in a pale grey dressmaker suit with rose hat and matching accessories. American Beauty roses made up her corsage.

Miss Alberta Carter, sister of the bride, was her sole attendant and chose a pale grey dressmaker suit with pale blue accessories and a corsage of yellow roses.

Mr. Jimmy Robinson of Wainwright supported the groom.

Out-of-town guests included Mr. and Mrs. C. Carter and daughters of Olds, Mr. Edward Carter of Killam, Mr. and Mrs. Chas. Wilbraham and Miss Alice C. Dalton of Wainwright.

Following the ceremony a reception was held at the Langan.

After a short honeymoon the happy couple will take up residence at Redwater, Alberta, where the groom is employed by the Calgary Power Limited.

The United Church Sunday School had an attendance of 92 on Easter Sunday. Mr. O. Nissen now plays his violin at the Sunday School sessions. With Miss Elvina Sonert at the piano we now feel that our Sunday School has some of the finest music ever.

used at the meeting of the Council on Tuesday, April 4, 1950, asking the said interested parties to attend this meeting.

The Board agreed that in the event the Council declare the W12 25-45-4 under reclamation that the proposed tenant and the Field Supervisor be asked to meet with the Municipal Officers when drawing up a lease agreement.

Mr. Robblee moved that the secretary write the Department of Lands and Forests reference to the NW 21-44-5-4 that the Service Board recommend to them that if this land is leased by the Department that the same cropping practices be continued as in the past. Cd.

Mr. Sterling of the Department of Agriculture made reference that five hundred to six hundred pounds of grass seed may be made available for the NW 21-44-5-4 from the Department of Agriculture.

The Field Supervisor gave his report of activities from October 26, 1949, to this date, highlights of same being, National Film Board, 46 regular showings and five other Agricultural meetings, average attendance about 45 persons.

Condemnation Orders—29 Orders written, 6 recinded, being 4 from 1947, 1 from 1948 and 1 from 1949. 18 farmers interviewed or corresponded with the Board on the 1949 Notices, 1 parcel pending a Reclamation Order.

Seeding of Roads—10 miles seeded in the fall of 1949, more could have been seeded if the weather conditions had permitted, a number of miles will be seeded in the Spring of 1950 to finish up present seed stocks.

T.B. and Bangs Control—1500 calves vaccinated fall and winter against Bangs, 1800 cows blood tested, travelling expenses incurred for driving and organizing for J. M. Saville, DVM.

Annual Report—this will be made up in pamphlet form and mailed to resident ratepayers with a form letter for the 1950 Save-the-Soil campaign.

Mr. Smale moved the adoption (Continued on Back Page)

Public Health Services

IN MANY COUNTRIES TODAY the health of the citizens is considered to be the concern of the state as a whole, and great emphasis is placed upon the importance of health services. Some countries have advanced farther than others along these lines but in general increasing attention is being given to the prevention of disease and the extension of medical services to all those who have need of them. Dr. Charles Hill, secretary of the British Medical Association, who visited Canada recently, drew attention to the fact that good health was dependent upon much more than the care which can be provided by doctors and hospitals.

Medical Care Is Not Enough

Good food, proper clothing, economic security, the absence of fear or strain and congenial work were listed as essential to good health by Dr. Hill, who spoke before the 80th convention of the Canadian Medical Association, held in Saskatoon. Too often, the British doctor said, such factors as these were overlooked in the consideration of public health problems. In Canada, attention is given to working conditions, and in industry provisions are made not only for safety, but for improvement of lighting, the elimination of unnecessary noise and the control of other factors involving the health and well being of workers. Some industries are now locating in rural districts, where good homes are provided for workers away from congested cities. It is expected that this tendency will increase in the years to come, giving more and more people the healthful advantages of country living.

Economic Loss Is Very Great

It is estimated that in spite of expanding health services in this country the loss in wages to employed persons through illness each year amounts to 135 million dollars and that the cost of sickness, untimely death and accidents is a billion dollars a year. During the war, sickness accounted for the absence of 50,000 workers a day from industries, and the seriousness of this loss of man hours led to investigation of the illnesses which caused it. Research into the causes of these illnesses was done, and much was learned regarding the prevention and control of many of them. The health of industrial workers is only one phase of the national health problem but it is one that affects a large section of the population. The cost in actual dollars to the country of sickness and accident each year makes it clear that efforts to raise health standards and improve the welfare of the people are in the interests of economy as well as of social progress.

"ONE-AND-A-HALF STEP"

Career Of Giant Wolf Of Big River Comes To An End

BIG RIVER, Sask.—Old-One-And-A-Half Step's reign of terror has ended. The giant wolf, savage killer of farm animals, cunning eluder of hunters' wiles in the Big River and Bodmin districts 65 miles northwest of Prince Albert, was found shot dead.

The final chapter in the life of the gaunt, grey timber wolf was as bloody as the ravages that put fear into the hearts of all who saw the three-paw marks of his giveaway limp in the snow.

One night recently Alan Muir heard dogs barking on his father's farm. Picking up his rifle he fired at a large animal in the barnyard.

The animal dropped, then rose and ran off. Muir, with a friend, followed the bloody trail next morning and found

FUNNY And OTHERWISE

On a card in the front window of a suburban home appeared the following notice: "A piano for sale." In the window next door another card appeared with just one word: "Hurrah!"

"My wife is a remarkable cook," said the city man, "She's always trying out some new recipe. Yesterday she met a friend who had lived in the East and gave her a recipe for Chinese trifles. So she made it."

"What did it taste like?" asked the listener. "Rice pudding."

"Curious Mother—I can't conceive what you see in that young Mr. Everyday! He doesn't like Ibsen; he doesn't like Browning, he doesn't like Keats. Whom does he like?"

Daughter—"Me."

I sent my boy to college with a pat upon the back. I spent 10 thousand dollars and got—a quarterback.

The nervous woman sought out the captain of the ship at the start of the voyage. "My husband is susceptible to seasickness, Captain," she said. "Could you tell him what to do in case of an attack?"

"Don't worry, lady," said the captain. "He'll do it!"

A Sunday school teacher had been telling a class of little boys about crowns of glory and heavenly rewards for good people.

"Now tell me," she said at the close of the lesson, "who will get the biggest crown?"

There was a silence for a while when Johnnie replied, "Him wots got the biggest head."

"Does your wife spend her evenings at home, generally speaking?" "She does, and is."

the body a half-mile away.

One-And-A-Half Step was originally thought three-legged.

Examination proved he had four but only one was good. His lame front leg, about two inches short, had been caught in a trap. One rear leg had been broken and had set. The other rear leg showed marks of injuries.

It is believed these deformities made him too slow to hunt wild prey and forced the gaunt 100-pound plunderer to concentrate on livestock. Since his appearance here about nine months ago One-And-A-Half Step killed at least 32 sheep and lambs, three calves and several dogs.

Baits and ruses were unsuccessful until recently. One farmer, veteran trapper B. Bradley, baited the wolf with part of a calf carcass injected with potassium cyanide.

One-And-A-Half Step ate the meat but it believed the poison lost effect due to prior warming of the carcass. Dozens of shots have been fired at the animal during its raids, sometimes in broad daylight, on farms. But farmers said he just couldn't be hit.

Some had thought the hunger-crazed marauder might be lured to his doom by using his "lady-friend," a district farmer's dog—as a decoy. But even his love affair worked out to his advantage. His paramour warned him by barking when danger was near.

RECIPES

FEATHERY SPONGE CAKE
1½ cups sifted cake flour
½ teaspoon salt
2 eggs, separated
¾ cup cold water
1 cup sugar
½ teaspoon lemon extract

Add salt to sifted flour and sift again. Separate eggs, putting yolks in large mixing bowl, whites in smaller bowl. Add water to yolks and beat until mixture is 1 quart in volume, continue beating if not 1 quart. Sprinkle in 2 tablespoons sugar then gradually beat in the remainder for another two-minute beating. Fold in the flour gently; add extract.

Wash and dry beater and whip egg whites until stiff. Fold whites in egg mixture and pour into an ungreased 9x5x2 inch pan. Bake in a preheated oven at 350 degrees for 50 minutes. Invert pan on rack and let cool before removing.

BAKED HAM AND APPLES
3 tart apples
2 centre slices ham
Brown sugar
1 tablespoon lemon juice
Cinnamon

Method: Pare and slice apples. Cut ham into serving pieces and place half of them in baking dish. Cover with brown sugar, lemon and cinnamon. Add remaining ham pieces and repeat apple layer. Cover and bake about 25 minutes in modern oven, (375 deg. F.), until apples are tender. Remove cover and bake 20-25 minutes more until apples brown and juice thickens somewhat. Serves 4-6.

Prepares For \$20 Million Housing Scheme

VICTORIA.—British Columbia's \$20-million joint Dominion-provincial municipal housing scheme provides for subsidized home building as well as projects for sale or rental on an economic basis.

Explaining the purpose of the scheme, Premier Byron Johnson says it is primarily designed to promote housing projects allowing tenants or purchasers to enjoy the advantages of mass production and low interest rates.

Ottawa will put up 75 per cent. of the money, the province 25 per cent., and any losses are incurred on the same basis.

WEST IRRIGATION SCHEME SPENDS OVER \$1 MILLION

OTTAWA.—A total of \$1,240,818 has been spent on the Saskatchewan River irrigation and development plan, it was shown in a Commons return table for John Diefenbaker (PC—Lake Centre). Of this amount, \$682,016 has been spent since last July 1.

Farm Income Shows Slight Drop In 1949

OTTAWA.—Canadian farmers took in a total of \$2,456,871,000 from sale of their produces in 1949, the bureau of statistics reported. It was slightly less than the 1948 peak of \$2,459,393,000.

Income in 1947 from sale of farm products was \$1,967,285,000. "The maintenance of farm cash income last year at a near-record level," the bureau said, "may be largely attributed to increased returns from the sale of wheat and livestock and the substantial grain equalization and participation payments distributed in 1949 for previous year's crops."

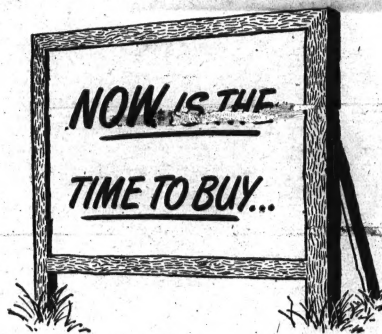

These payments, it added, amounted to \$220,000,000 in 1949 compared with \$170,800,000 the previous year. In addition, supplementary payments made under provisions of the Prairie Farm Assistance act in 1949 totalled \$17,628,000 compared with \$20,748,000 in 1948.

Cash income from sale of grains, seed and hay rose to \$855,913,000 in 1949 from \$808,601,000 the preceding year, wheat alone accounting for \$464,786,000 compared with \$407,851,000. Income from the sale of livestock totalled \$806,212,000 compared with \$787,375,000, dairy products \$350,032,000 compared with \$386,551,000, vegetables and other field crops \$154,737,000 compared with \$109,422,000, and fruits \$45,352,000 compared with \$46,901,000.

Preliminary estimates of cash income show lower returns in 1949 than in 1948 in all provinces except Nova Scotia, Saskatchewan and Alberta. Ontario had the largest total of \$665,500,000 compared with \$662,032,000 in 1948 followed by Saskatchewan at \$556,400,000 compared with \$534,000,000, Alberta at \$460,200,000 compared with \$462,500,000, and Quebec at \$446,700,000 compared with \$355,000,000.

Other provinces, with 1948 figures bracketed: Manitoba \$238,100,000 (\$247,300,000); British Columbia \$98,000,000 (\$102,300,000); New Brunswick \$44,700,000 (\$46,400,000); Nova Scotia \$38,000,000 (\$37,500,000); Prince Edward Island \$21,300,000 (\$22,400,000).

Norway, with its 124,556 square-mile area, has only 4,300 square miles under cultivation.

We're Big Spenders!

That doesn't mean we're careless. It's just that in the course of turning out those fine Tex-made cotton products you know so well, we have to buy a great many things from all parts of the country.

We need packing cases and cardboard cartons, construction lumber, paper, potato and corn starches, coal, sulphuric acid, caustic soda, oils, lubricants and a hundred and one other things which we buy from fellow Canadians who grow or make them.

In addition to this the 12,500 men and women working in our plants, earn many millions of dollars a year in wages, dollars which are spent on foodstuffs from the farms of Canada, grains, cattle, hogs and poultry, fish from the fishermen on both coasts and the Great Lakes.

We are the customers of our fellow Canadians just as they are our customers. We're proud to have a part in Canada's economic life by buying the goods which other Canadians grow, make or provide.

Remember?

When you ask for a loan at the B of M...

you do not ask a FAVOUR*

WHEN the housewife calls at the grocery store and orders a supply of provisions, she is not asking a favour... she is buying goods for which she will pay on delivery... purely a matter of business.

So with your bank. It is a business proposition just as much as the grocery store.

The grocer deals in groceries... the banker deals in credit. And as the making of loans is one of the principal ways by which his bank derives its revenue, he is as anxious to sell

his credit as the grocer is to sell his groceries. And like the grocer, the banker naturally wants to know that he is going to be paid for his goods... that his loans will be met when they fall due. That, too, is only good business.

When you have occasion to ask for a loan, look at it this way. Come to the Bank, not feeling that you have to ask a favour, but to offer the manager a sound business proposition which will be of profit both to you and to his institution.

Hundreds of thousands of Canadians in all walks of life have since proved

for themselves, by the experience of borrowing at the Bank of Montreal, the full meaning of this message... that if your proposition is sound, there's money for you at the B of M.

Yes, when you ask for a loan at the B of M, you do not ask a favour.

National Film Board

I previously announced that the 1949-1950 agreement between the National Film Board and the Municipal Council had terminated on March 31, 1950. I also announced that unless arrangements were made by the ratepayers to provide equipment, etc., the showings would be discontinued under the sponsorship of the Municipal Council.

I was given to understand recently that the National Film Board is prepared to enter into another agreement with the MD of Wainwright No. 61 for the distribution of films for the season of 1950-51. The agreement would be similar to the one just terminated. Another season under the previous, or similar, agreement would provide a much better chance to raise the necessary funds to purchase equipment to be permanent in the district. Those districts contributing to the fund would naturally have priority over the service. There is still room for three or four more districts on the circuit, so I would like to suggest you make a request as soon as possible in order that the Council will be familiar with the demand before fall.

I am very happy to announce that the National Film Board considers the MD of Wainwright Circuit as one of the largest distributors of films in North-Central Alberta. Our educational program, particularly in agriculture, is outstanding so far as films are concerned. I think this is something we can be proud of, and it should be the interest of you as ratepayers to see that you don't lose it. A committee, consisting

of farmers, is being formed to discuss and propose a program to be presented to the Council for a future educational film program.

Condemnation Notices
There are still a number of farmers who have not contacted our office with regard to the restrictions placed against their land in 1949 under Section 30 of the Noxious Weeds Act of Alberta. Any farmer having restrictions on theirs, either from the year 1949 or in previous years, and does not contact this office prior to commencing seeding, we will consider him satisfied to summerfallow the whole acreage under restriction. Any notice to prohibit the seeding of land continues to be in effect until such time as consent has been given in writing by the Weed Inspector or Field Crops Commissioner. Any farmer having restrictions and who does not receive cropping instructions for 1950, and upon inspection his land is found to be cropped, will be dealt with under Section 55, or "penalty for non-compliance with inspectors requirements of 'The Noxious Weeds Act, RSA 1942.'" In order to avoid any unnecessary action on the part of this office, I would like to suggest that you contact me before seeding.

OUR COMPLETE SHORT STORY—

The Quarrel -- Do You Think They Could Forget Forever?
By ESTHER PRINZ

THEY were engaged and they were quarrelling. The engagement had been a long one; the quarrel had just begun. But the bad part of it was that they were driving, with Margot at the wheel. And with every point Margot drove home, the accelerator went down farther.

"Take it easy—you're not going to a fire!" Ken flared, as Margot passed three cars in a row.

"Who's driving?" she inquired blandly.

"Women drivers!" snorted Ken. "Responsible for half the accidents on the highways."

"I remember a couple of slight collisions you had, brother," drawled Margot. "And the law, as I recall it, didn't hold you out of your way to present."

"Leave it to a woman to distort facts," retorted Ken. "Just because I had to go to court—"

"Who distorts facts?" Margot tapped the horn and passed a trailer truck uphill. "Of course you men are logical. It was only logical, I suppose, for you to behave as you did at the party."

"What did you expect me to do—ignore our hostess? After all, she's only my boss's wife!"

"You scarcely did that, if my eyes served me correctly," retorted Margot, averting just in time to cut back in line. "I remember distinctly what you said when you introduced us. 'This is my girl-friend, Margot.' Of all things!"

"A slip of the tongue and nothing more," said Ken, his lips a thin line of exasperation.

"When we were first engaged you used to go out of your way to present me, so you could say 'my fiancée.' That seems less important now," said Margot, tooting the horn at a bicyclist.

"Ken's face was a mask of stubbornness. Margot stepped on the gas again. "I used to get a remark or two about my dress. Not today. But you didn't spare the butter over what our hostess wore..."

"You remember a lot of things!" yelled Ken. "Try remembering that I'm riding in this car, and I don't like the way you're driving!"

Margot's foot moved to the brake. "I remember," she said. "And I also remember that this is my car. Get out if you like. You're almost home."

Ken's face blazed. He wrenched the door open. Whatever he said was drowned out in the roar of the engine.

In the mirror, Margot could see Ken signalling another car.

Youth Training School

The Prince Albert Agricultural Society in Prince Albert, Sask., hosts that it's winter youth training school is the most popular in the province. The left picture shows principal Hamilton, (centre), instructing Gene Garsen, Bellevue, (left), and Ken Daughlin, Christopher Lake, in the art of thimble. "I'm Luckiest Man In The World," Says Pte. John Risley

WINNIPEG.—Pte. John Risley, 18, of St. James, said that the next time he goes up in an airplane he's going to "come down in the accustomed, civilized manner."

"No more of this parachuting for me, even if the doctors would permit it," smiled the young man, who escaped with some broken bones and bad nerves when he fell 1,000 feet in a parachute failed to open properly near Wainwright, Alta., Jan. 10.

Pte. Risley was participating in a mass air drop of the Princess Patricia's Canadian Light Infantry regiment when the accident occurred. He had been in hospital at Wainwright until recently and is now at the Deer Lodge hospital here.

"I know I'm the luckiest man in the world," he told the Winnipeg Free Press, "but I'd have been even luckier if I had landed four feet to the east of the spot I hit. There was a big snowbank there and I probably wouldn't have been injured at all. As it was, he suffered fractures of the right leg, right arm and pelvis and 'chips' from his backbone.

Pte. Risley said he tripped over the snowbanks attached to his waist and fell rather than jumped from the airplane. His chute became tangled

and only six of about 30 of the "panels" opened when he pulled the ripcord.

What did he think about during what he considered his plunge to almost certain death? "I didn't have time to think—I was too busy trying to untangle my chute," Pte. Risley replied.

"Now that I have had time to think about it, though," he continued, "I remember a momentary flash of the faces of my mom and dad, sister and brothers across my mind the instant I figured I was going to cash in. Gosh, it's good to have them come and visit me every day at Deer Lodge!"

Pte. Risley says he'll never "jump" again but he wants to stay in the army and become an x-ray technician in the medical corps. He became interested in the work while being examined for injuries after his 1,000-foot tumble.

He said members of "C" company of the Princess Patricia sent him a combination alarm clock-radio "so that I'll wake up early each morning and find that I'm not dead!"

Poisoned Meat Destroys Starving Timber Wolves

PRINCE GEORGE, B.C. — Poisoned meat planted by B.C. game department officials brought death to a pack of 14 starved timber wolves at Margo Lake, 45 miles northwest of here.

The poison, small lozenges of cyanide mixed with bear grease, are dropped near large pieces of meat, which is also impregnated with poison.

Most of the predators were found within 100 yards of their last meal.

Hutterite Migration To Mexico Is Taking Form

LETHBRIDGE, Alta. — Hutterite migration from Alberta to Mexico is taking form with several colonies already committed to a move, a check in this region showed.

A colony at Granum, Alta., and a "daughter" colony from Granum established at Wainwright, Alta., more than a year ago are preparing to move.

Peter Schetter of the Wainwright group has stated "we are leaving because we believe that no Christian church can endure without the teaching of God's word in the schools."

He said that before leaving he wanted to express "gratitude to the government of Canada for the sincere hospitality which we have enjoyed for 33 years."

THE STORY OF MARMALADE

In the 18th century a Scottish grocer, James Keiller of Dundee, heard that a storm-bound Spanish ship had taken refuge in the port. Its cargo of sugar and oranges was going cheap. Never one to miss a bargain, James went out to buy. He took the oranges, and sugar home to his wife, who had a family reputation for her quince jelly. She concocted a new preserve which she tried on her family and friends. They liked it. James then tried the marmalade on his customers. They liked it so well that James gave up being a grocer and became a marmalade manufacturer. In 1797 he set up a company which, to this day, continues to manufacture marmalade, much of it finding its way to breakfast tables in Canada.
